

Dietetic Intern Application

Feed to Succeed is committed to providing ongoing educational experiences to further the field of pediatric nutrition and dietetics. Our goal is to help train future dietitians to be competent pediatric nutrition providers. We receive many requests to take interns, and accept 3-5 interns per calendar year dependent upon the availability of our preceptors to accommodate student scheduling requests, and upon the interest and alignment of the student's application. Students are expected to be well-organized, professional, and self-directed.
